

Blackboard Tool Feature

Recently announced...
The New Turnitin Interface
 **feedback studio**

Coming Fall 2016

Original Insights

Reveal content matches in student writing. Help students take ownership of their work and practice proper citation.

Feedback Fast

Save time with drag-and-drop sets of customizable comments. Share reusable comment libraries across your institution.

Peer Review without Pressure

Encourage discussion and reflection in the classroom. Automatically distribute work and collect feedback anonymously.

Feedback First

Feedback only matters if your students engage with it. Reach your students with voice and text comments on specific phrases or entire assignments.

Accelerate Assessment

Grade objectively and consistently with standards aligned rubrics and show students how specific parts of their work affect their grade.

Engage Students

Students see source matches and instructor feedback directly on their work, or in a conveniently formatted downloadable report.

EdTechtraining

ACADEMIC LEARNING

All faculty assigned to teach a Distance Learning course during Fall 2016 must complete **ACAdemic Learning** before the semester begins. Sign up for a section below. Seats are limited!

ETID 1302: ACAdemic Learning
