

How to: Install and Setup VPN on your Mobile Device

Instructions (Install & Setup GlobalProtect VPN for Android Devices)

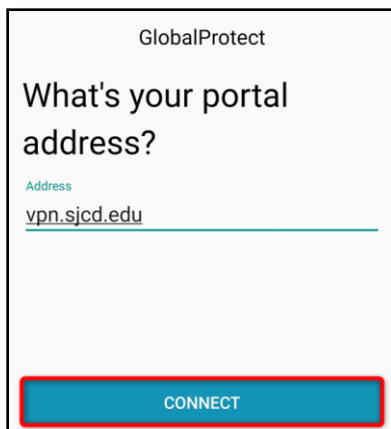

1. Go to the **Google Play** store on your device and search for **GlobalProtect**. Choose the app made by **Palo Alto Networks**. Tap **Install**.

2. Once installed, Tap **Open**.

3. Once the app is opened, GlobalProtect will prompt you for a portal. Type **vpn.sjcd.edu**, then tap **Connect**.

4. Next, you will be prompted for your College network credentials.

The Username is your firstname.lastname. The Password is your College network password.

Tap **Sign In**.

5. You will receive a Connection request prompt. Click **OK**.

6. You are now connected.

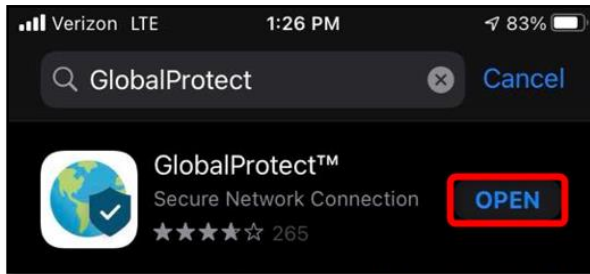

Instructions (Install & Setup GlobalProtect VPN for iOS Devices)
